To Whom it May Concern,

I have followed the Microsoft case for some time hoping to see redress of the wrongs this company has done since the days when their informal corporate slogan was "Our job's not done 'til Lotus won't run".

The current PFJ is so weak as to make a mockery of the Federal Justice System. Do not allow Political democracy has been overthrown by corporate tyranny. Serve the public trust & revise the PFJ to make it a potent weapon in the arsenal of anti-trust law.

Sincerely,
